GANDHI JAYANTI

Cleaning of Campus

In 2023, Nation celebrates the 154th birth anniversary of the Mahatma Gandhi (Father of the nation). The Gandhi Jayanti College Campus Cleaning Program served as a meaningful way to pay tribute to Mahatma Gandhi's ideals and promote cleanliness, hygiene, and environmental awareness within our college community. It instilled a sense of responsibility among students and staff to maintain a clean and green campus and will serve as a foundation for future initiatives aimed at sustainability and cleanliness.

During the event, volunteers conducted informative sessions on waste segregation and the importance of eco-friendly practices. Short speeches were delivered to remind everyone of Mahatma Gandhi's principles of cleanliness, simplicity, and sustainability.

Unity day

It's wonderful to learn about National Unity Day or Rashtriya Ekta Diwas, which is celebrated every year on 31st October 2014 to commemorate the birth anniversary of Sardar Vallabhbhai Patel, also known as the Iron Man of India.

Sardar Patel played a crucial role in the unification of India from over 560 princely states, and his efforts towards national integration are recognized through the celebration of National Unity Day on his birth anniversary.

It's heart-warming to know that on 31st October 2023, people celebrated National Unity Day, and Sardar Vallabhbhai Patel was remembered as an icon of national unity. It's inspiring to see teachers taking the pledge of striving towards "Ekta," as per Sardar Patel's vision for the nation.

World AIDS Day

World AIDS Day is celebrated on December 1st. We celebrate it to help everyone understand and support people with HIV/AIDS. HIV is a virus that can make people sick, and AIDS is the illness it can cause. On this day, we learn about how HIV spreads and how to stop it. We also remember those who lost their lives to AIDS and show love and care to those living with it.

World AIDS Day is like a big team effort. Government, organizations, and regular people work together to stop HIV/AIDS. It is an opportunity for public-private partners to spread awareness about the status of this disease and encourage people about the treatment program, and care around the world. The red ribbon is the universal symbol of awareness and support for living with HIV. In 2022, the theme of World AIDS day is 'Equalize'.
