Govt. College, Indora

Dist. Kangra (H.P.) Ph. : 01893-241417

FROM THE PRINCIPAL'S DESK

Dear Students,

Heartiest welcome to Govt. College, Indora. I really feel honoured & delighted to welcome the students, staff, teaching as well as non-teaching, and revered parents to Govt. College, Indora.

Sincere, productive & concerted efforts were made to set up a system within the College which is not only responsive and sensitive but also pro-active towards the needs and requirements of students, who expect better & better from the Institution in all respects. Accordingly, a prompt, response-oriented approach on the part of the staff is highly solicited in all spheres of students' activities.

When we talk of environment, a quick flash goes through our mind that the environment in which a student grows, be it home environment, school environment, institutional environment, social environment, religious environment and political environment, contributes enormously in shaping their attitude & personality. Needless to add, the onus lies on the Institution to provide such an environment to the students. At Govt. College, Indora we have succeeded, to a large extent, in achieving such an environment, which both challenges and motivates students to reach their full potential. Not only do the students have high expectations from the institution, the institution in turn expects them to achieve the demanding targets of global as well as Indian society.

Students' ambitions & aims, their big dreams, hard work, enthusiasm, academic acumen and all other important attributes are well taken care of by Govt. College, Indora, which provides intellectual support and matching resources to them to help them elevate their thoughts to great heights. Govt. College, Indora inculcates in the students the habit of reading, writing, and speaking. They are encouraged to participate in debate, declamation, quiz, and take advantage of the A-Class facilities available in the College. Mutual love, cooperation, discipline and focussed approach, general ability and alertness, passion for hobbies, for cleanliness & beautification of the College Campus, and significantly for Eco-balance would definitely go a long way in making our students learn here a life-enriching experience.

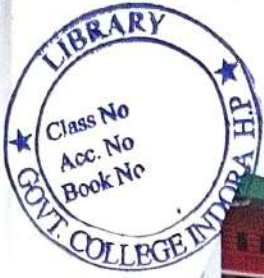

Please do not hesitate and feel shy in contacting the teaching staff, office staff and Principal at Govt. College, Indora for more information & detail.

With best wishes and blessings for the upcoming academic session!

GOVT. COLLEGE

INDORA (H.P.)

Education is not the bookish imprint on the minds of the students. It is, in fact, the application of the best ideas, derived, no doubt, from books, in the lives of the students. Knowledge is one of the aspects of education. We can gain it from various sources viz. books, magazines, journals, internet, newspapers, interaction, meeting etc. But knowledge alone

cannot be termed as education. Education has wider implications. Knowledge imbued with moral values shapes the attitude of the students. Education has always a tint of humanity. Knowledge sans humanity has no strength to make a complete man. Education, in fact, is Man-making.

In the era of globalisation full of cut-throat competition, key is, the survival of the fittest. Education, in true sense, aims at making a man the fittest in every aspect. In short, Education is man-making through the application of best ideas into Life gleaming with the tincture of moral human values aiming at strengthening a man for the survival in the

world. Here, in Govt. College Indora, we aim at imparting Man-making education full of moral values moulding the students by inculcating the true spirit to be of full use to the society and nation. Our college aspires to create among our student a will - "To strive, to seek, to find and not to yield."
