Institutional strategic blueprint and deployment documents

- 1. Emphasize research and the preservation of traditional knowledge systems-** The institution is dedicated to fostering Research and Development projects to stimulate innovation and address challenges. It prioritizes enhancing knowledge through targeted educational initiatives aligned with specific areas. Recognizing the importance of research as per the NEP policy, the institute is committed to establishing an incubation cell to nurture entrepreneurial ideas and facilitate their transformation into viable ventures. This strategic focus on E governance and, emphasizes the institution's commitment to fostering a culture of innovation and excellence.
- 2. NEP Implementation-** Government Degree College Indora has devised comprehensive strategies for integrating the New Education Policy (NEP) 2020 into institutional governance, including the development of both short-term and long-term Institutional Perspective Plans.

Key initiatives include fostering a culture of continuous learning through mandatory professional development, promoting transparent and participatory decision-making processes, establishing a dedicated NEP Implementation. Creating a oversight committee for effective monitoring, conducting routine evaluations to measure progress, and executing specific capacity-building initiatives.

The institution aims to cultivate innovation, promote diversity and inclusivity. Continuous monitoring and evaluation are integral to ensuring alignment with NEP objectives and driving ongoing improvements.
- 3. Infrastructure development-** Our plan encompasses the construction of an auditorium for student use, separate blocks for arts, commerce, and science departments, and ensuring the functionality of the girls' hostel to cater to the convenience and welfare of female students from diverse locations, and smart room for students.
- 4. Information Technology Development-** Our plan involves expanding the IT lab to improve resource accessibility, upgrading classrooms and IT labs, and enhancing internet speed for faster access. Within this framework, various aspects such as email hosting, Google Workspace, and other technology services will be considered.
- 5. Holistic development of students-** Holistic education is foremost important for the overall development of the students. Internal complaint committee, scholarship committee , committee for differently abled students are committed for the welfare

and holistic development of students and committed to formulate policies in this context such as-

- Strict Anti-Ragging policy will be enforced
- Provisions for Divyang
- Comprehensive health policy focusing on physical and mental well-being
- Code of conduct policy for students
